

UTS/UTH 1000-2

TRANSPORTABLE
PLANT
LUPETTO

UTS - Electric

UTH - Hybrid

TECHNICAL DATA

- Shredder **FTR 1000**
- Dimension of Crusher (mm) 1000x900
- Hopper surface (m) 3.00x2.00
- Hopper capacity (m³) 2.85
- Max production (t/h) 120*
- Conveyor belt (mm) 800
- Conveyor belt width TNL 800/8
- Available in hooklifts version **UTH 1000-2**

OPTIONAL

- Hopper extensions H=500 cm L=700 cm
- Electronic weight system
- Centralized greasing system
- Dust abatement plant
- Paint customized
- Additional meter conveyor belt

TRANSPORT DIMENSIONS

- Width (m) 2.50
- Length (m) 8.70
- height (m) 3.00
- Total weight (kg) 13.000

APPLICATIONS

- Excavated earth and rocks
- Construction and demolition waste
- Environmental decontamination
- Reinforced concrete and industrial wastes
- Vine poles
- Slabs and milled asphalt
- Coal, limestone, clay and glass

* Depends on the material processed.
